10:00 - 17:30 (CET)

ATTEND THE SEMINAR

MEETING ID : 863 9586 1561
PASSCODE : 683951

This seminar is organized within the framework of the NATAE project to address the agroecological transition in the face of climate change. The objective is to discuss climate impacts across ecosystems, promote the MEDAE network, and strengthen multi-stakeholder engagement. The event aims to support public policies in favor of agroecology and sustainable food systems, highlight local initiatives, and pool research findings. Another goal is to integrate Algerian initiatives for agroecological transition into a regional approach to share efforts and resources.
